In light of the recent events, our team at Gina would like to reiterate that the safety of our guests and team members continues to be our top priority.

We are closely monitoring local information and guidelines put in place by the CDC, WHO, and NYC Department of Health and have increased our standard safety protocols by instituting additional precautions to ensure the safety and health care of all guests and team members. As health is the most important, we will continue to make responsible decisions to make certain that our operation will be available for all guests to enjoy.
